

AN ICON OF TRUST

NBB was the first bank established in Bahrain. Today, we are at the heart of Bahrain's financial community and continue to take pride in our deep rooted sense of responsibility, integrity and security. Whilst times have been turbulent this year for financial markets, NBB has ensured that its prudent policies have been maintained, helping to strengthen our customers' belief and trust in our services. We constantly strive to build on this trust by continuing to enhance our products and customer service, ensuring that NBB can be relied upon even in the most difficult of times.

Numerous corporate social responsibility initiatives and an innate ability to look forward and develop innovative and quality products and services for our customers has helped to reinforce NBB's position as an Icon of Trust in Bahrain.
